When in need of dental work see Dr. M. L. Ingram, over Tutt & Osborn's. Phone 513.

### SCHOOL ALL THE YEAR ROUND

The all-year schools of Newark, N. J., are commended in a special report by W. S. Deffenbaugh, Specialist in City School Administration of the Bureau of Education, Department of the Interior. Mr. Deffenbaugh finds that time is saved, street loafing is largely prevented, and health is conserved by eliminating the long summer vacation.

The children in Newark who have attended school for the past year or two on the all-year school plan speak enthusiastically of it. The Bureau investigator asked the pupils in the seventh and eighth grades to write compositions telling why they attended school during the summer. Nearly all the pupils stated that the school-room was much cooler than the streets and their rooms at home; that they were glad to have something to do besides running in the streets, and that they hoped to gain a grade or two by the time they were old enough for their work certificates. Parents who were interviewed favored the plan because their children were unable to get more schooling than otherwise.

One parent said: "If there were no summer schools we would not know where our children are. They would leave home early in the morning and run all over the city. Now we know that they are safe in the schoolhouse and in no danger of being run over by automobiles or street cars."

The attempt was made to find out how much time the children actually saved through the all-year schools. Of 271 pupils in the sixth, seventh and eighth grades, 25 made no gain, 67 showed a gain of one-third of a year, 59 a gain of two-thirds of a year, 67 a gain of one year, and 53 a gain of one and one-third years.

It was found that the pupils in the all-year schools not only made more rapid progress through the grades, but maintained as good scholarship as the pupils in other schools. Many of the pupils were able to enter high school as a result of the time gained in the all-year school, and these pupils have had no difficulty in keeping up with their work. It is expected that many more pupils will now complete the elementary grades at 12 years of age, enter high school and attend for at least two years. Once in high school, they are likely to remain even after the compulsory age limit is passed.

### OFFICIALS OF FRISCO

IN CONFERENCE  
Springfield, May 23.—A meeting of general superintendents, division superintendents and bridge and building foremen of the entire Frisco system was held yesterday in the office of General Manager E. D. Levy for the purpose of discussing spring improvements in maintenance and building. A similar meeting was held several weeks ago, when preliminary plans for the spring work were outlined.

The superintendents of the eight divisions and superintendents of the four terminals as well as more than a score of general foremen of bridges and buildings spent the entire forenoon and the greater part of the afternoon in conference with General Manager Levy and General Superintendents J. A. Frates and J. E. Hutchison of the First and Second districts respectively. The various superintendents left for their homes last night.

### PEONY FIELDS VISITED BY 10,000, SUNDAY

The Sarcoxie peony fields were visited, Sunday, by approximately 10,000 people. A count of the motor cars was kept until 4 o'clock, Sunday afternoon and at that time the 1500 mark was reached. It is estimated that 500 more cars were there after 4 o'clock.

The peonies are still beautiful and there will be many visitors there this week. By the end of the week probably 25,000 people will have visited the Wild Brothers' wonderful display of these beautiful plants.

### BERRY PICKERS WANTED.

School children should get a job picking berries. Those desiring places see F. B. Spilman at the berry shed in the afternoon. (75-tf)

### FREISTATT ITEMS

David Matlage and Adele Fritz, third daughter of William Fritz, were married at the Lutheran church Sunday at 1:30 p. m. Prof. J. A. Wiedman played the wedding march and Rev. J. Roeschke tied the nuptial knot. The young couple had to abstain from a reception as the father of the groom, Mr. H. Matlage, is very low.

During the afternoon Mr. and Mrs. August Fritz celebrated their golden wedding. Judge Fritz was married near Winona, Minn., and came here shortly after. He had been here for over 40 years and is one of the oldest residents on the prairie. Besides being county judge he has been public school director for over 40 years. The grandchildren of the jubilee couple sang the 23rd Psalm in a masterly manner. Rev. J. Roeschke also delivered a very appropriate speech. Besides the score of relatives from Freistatt, Mr. Fritz's two nieces, Miss Bertha Fiebrantz and Mrs. Tiena Siebert and Mr. Fiebrantz from Milwaukee, Wis., were present; also Mrs. O. Roeschke from Pomeroy, Ia. The house was very tastefully decorated with flowers and in general appearance fit for a wedding. The esteemed old couple have two sons here, Ben and Joseph, and three daughters, Mrs. H. Bierman, Mrs. E. Rusch and Mrs. H. Brockschmidt. A three course luncheon was served, with other refreshments.

Freistatt is busily preparing for their picnic to be held June 7th. The general health on the Prairie is good.

Our farmers are busy cultivating corn and many children are picking strawberries.

Our village may soon be incorporated as live wide-awake men are at the helm.

Our butter maker, Louis Haseman, is on the sick list, but is expected to be around soon.

Mrs. Ferdinand Worm is also under medical treatment.

The Springfield Business College will increase the tuition rates September 1. Scholarships purchased before that date, good for any time, may be secured at the present exceptionally low prices. As there is no summer vacation and students may enter any day, many will enter during the summer. 76 t1.

### OAKDALE CEMETERY ASSOCIATION

The Association had gotten the grass cut and cleaned off and had the cemetery looking fine, but since the rain the grass has grown and needs cutting again. All members of the Association or persons interested in the cemetery are asked to have the grass cut on their lots and have it cleaned off this week, to have it ready for Decoration Day, which is next Tuesday. Therefore it is necessary to have all the work done this week. By Order of the President.
